EDUCATION

- Computer Engineering | Pimpri Chinchwad College of Engineering, Pune CGPA – 8.83 | May '24
 - X (SSC) | RCSV School, Dhule 98.20% | 2018
 - XII (HSC) | Mayur College, Dhule 76.77% | 2020
-

TECHNICAL SKILLS

- **Languages:** C++, C
 - **Web Technologies:** HTML, CSS, JavaScript, ReactJS
 - Data Structures & Algorithms, Object Oriented Programming
 - Familiar with: Java Swing, SQL, PL/SQL, JDBC Connectivity, MongoDB, GitHub, Python, Java, Figma, Canva
-

ACADEMIC PROJECTS

Portfolio Website | [link](#)

- Built a personal Portfolio Website with a good UI design.
- Technologies used: **HTML CSS JavaScript ReactJS**

Ticket Booking System

- Built a **GUI application** for a ticket booking service where admin and user controls are available with user and admin account authentication.
- The frontend comprises **Java Swing**. The Backend is comprised of **SQL**. Frontend and Backend are connected using **JDBC connectivity**.

Restaurant Menu Website

- Built an attractive and minimalistic Food Menu website of a restaurant for customers with segregated items into different categories.
 - Technologies Used: **Html CSS JavaScript ReactJS**
-

ACHIEVEMENTS

- Solved 600+ Problems based on Data Structure and Algorithm.
 - Accomplished Institute Rank 7 on the [GeeksForGeeks](#) Coding platform in college among 3000 students.
Score = 1400+ (550+ Problems)
 - Rated 1650+ on [LeetCode](#). Solved 150+ Problems on [LeetCode](#).
 - 5★ C++ on HackerRank [Profile Link](#)
-

EXTRA-CURRICULAR

- Co-Ordinator in Newton School Coding Club in CP/DSA challenge team.
- Created Data Structure and Algorithm problems and generated test cases.
- Drafted well-structured Editorials for problems and explained various approaches to problems.
